Additional Backup Information

The Delivery System Reform Incentive for Payment (DSRIP), also known as the 1115 Medicaid Waiver funded project, focuses on increasing the number of trained nurses from underserved communities that work in health professional shortage areas (HPSA's) and medically underserved areas (MUA's) to provide services to populations enrolled in Medicaid, uninsured, or low-income.

Through this agreement, Capital IDEA helps nursing program graduates find employment in medically-underserved areas. These services help ensure that clinics and hospitals serving medically-underserved populations have adequately trained nursing staff to provide needed services.

Output Measure: Number of encounters provided by nursing program graduates working in HPSA's/MUA's.
